ABOUT
AMITY UNIVERSITY, KOLKATA

Amity University, Kolkata is a world-class institution that offers a holistic and transformative education experience to its students. With Its state-of-the-art infrastructure, cutting-edge technology, and highly qualified academic staff with national and international industry experiences, the University is committed to providing its students with an education that is both challenging and transformative. It offers a range of undergraduate, postgraduate, and doctoral programs in a variety of fields, including management, engineering, law, journalism. and many more.

At Amity University, Kolkata, students have access to modern classrooms, well-equipped laboratories, a comprehensive central library, and state-of-the-art sports facilities. The university's commitment to providing a holistic education experience sets it apart and ensures that students are equipped with the knowledge, skills, and confidence to succeed in the fast-paced, ever changing global economy.

ABOUT
AMITY LAW SCHOOL, KOLKATA

Amity Law School Kolkata, established in 2015, has organized various national and interantional seminars, moot court competitions, and other academic events to foster a vibrant learning environment for its students. These events serve as platforms for students to engage in intellectual discourse, develop critical thinking skills, and enhance their practical legal knowledge. Through its commitment, Amity Law School Kolkata not only enriches the academic experience of its students but also cultivates a culture of excellence, innovation, and leadership within the legal community.

With highly qualified academic professors, modern facilities, and a focus on practical learning experiences, our students are well-prepared for successful careers in law. We boast of having qualified and experienced professors who engage students with myriad modern methodology and pedagogy and impart quality education to ensure that students are well trained as professionals in the legal industry.

CONCEPT NOTE

Artificial Intelligence is increasingly influencing criminal investigation, forensic analysis, legal practice and judicial administration, raising significant questions concerning the reliability of digital evidence, algorithmic bias, data protection, professional ethics, accountability and the role of human judgment in legal decision-making. Organised by Amity Law School, Amity University Kolkata, the Two-Day International Workshop-cum-Seminar on "Algorithmic Justice and the Rule of Law: Navigating Investigation, Advocacy, Jurisprudence, and Judicial Adjudication in the Age of AI" seeks to examine these developments within the framework of constitutional principles and applicable legal provisions. The programme will bring together members of the Police, the Bar, the Bench and academia, alongside legal practitioners, researchers, policymakers, forensic professionals and technology experts, for expert addresses, interactive workshops, panel discussions and seminar paper presentations. The paper presentation sessions will provide a platform for students, research scholars and academicians to present their work and engage in scholarly discussion on emerging legal issues. Particular attention will be given to AI-assisted investigation, the admissibility of electronic evidence, judicial discretion, legal ethics, intellectual property and liability arising from autonomous systems. The programme aims to encourage interdisciplinary research and informed discussion on the responsible use of AI, while upholding constitutional rights, procedural fairness, human oversight and the Rule of Law.

WHO CAN ATTEND

- Law Students
- Research Scholars and Academicians
- Judges and Judicial Officers
- Advocates and Legal Practitioners
- Police Personnel and Investigative Officers
- Cybercrime and Cyber Cell Officials
- Forensic Professionals
- AI, Computer Science and Data Science Professionals
- Cybersecurity and Digital Governance Experts
- Policymakers, Legislators and Regulatory Professionals
- In-house Legal Counsel
- Researchers in Constitutional, Criminal, Evidence, Intellectual Property and Technology Law
- Legal Aid Clinics, Research Centres and Professional Bodies
- Technology Professionals and Industry Experts

KEY THEMES

Track 1: Policing, Forensics & Criminal Investigation

- **Sub-Theme 1:** AI in Forensic Investigation and Smart Policing: Operational Realities, Facial Recognition, and Human Rights under the BNSS.

- **Sub-Theme 2**: Evidentiary Admissibility of Algorithmic Output, Automated Forensics, and Deepfakes under Section 63 of the Bharatiya Sakshya Adhiniyam (BSA).

Track 2: Adjudication, Constitutional Guarantees & Judicial Discretion

- **Sub-Theme 3:** AI-Assisted Adjudication and Court Administration: Predictive Bail/Sentencing, Automated Tools (SUVAS/SUPACE), and the Preservation of Judicial Discretion.

- **Sub-Theme 4:** Constitutional Due Process, Algorithmic Bias, Discriminatory Profiling, and the "Right to an Explanation" (Articles 14 & 21).

KEY THEMES

Track 3: The Bar, Legal Tech & Professional Ethics

- **Sub-Theme 5:** Transforming Legal Practice: Generative AI, Litigation Analytics, Privilege, and Professional Responsibility under BCI Standards and the DPDP Act.

- **Sub-Theme 6:** Intellectual Property Dilemmas, Neural Training Datasets, Algorithmic Creativity, and the Question of AI Personhood.

Track 4: Substantive Liability & Institutional Capacity

- **Sub-Theme 7:** Tortious and Criminal Liability for Autonomous Systems: Apportioning Fault in Self-Learning Agents, Medical Systems, and Autonomous Mobility.

- **Sub-Theme 8:** Inter-Agency Synergy and Digital Literacy: Standard Operating Procedures (SOPs) across Police Laboratories, Prosecutorial Wings, the Bar, and the Judiciary.

ABOUT
WORKSHOP-CUM-SEMINAR

Artificial Intelligence is increasingly being used in criminal investigation, forensic analysis, legal research and court administration. Its application raises important legal questions concerning the reliability of electronic evidence, the protection of confidential information, algorithmic bias, professional responsibility and the limits of automated decision-making. Amity Law School, Amity University Kolkata, proposes to examine these issues through a Two-Day International Workshop-cum-Seminar on "Algorithmic Justice and the Rule of Law: Navigating Investigation, Advocacy, Jurisprudence, and Judicial Adjudication in the Age of AI." The programme will bring together members of the Police, the Bar, the Bench and academia, along with researchers, policymakers and technology professionals.

The workshop-cum-seminar will feature expert addresses, interactive sessions, panel discussions and seminar paper presentations on AI-assisted investigation, digital evidence, constitutional safeguards, judicial discretion, legal ethics, intellectual property and liability arising from autonomous systems. Particular attention will be given to the Indian legal framework, including the Bharatiya Nagarik Suraksha Sanhita, 2023, the Bharatiya Sakshya Adhiniyam, 2023, and relevant constitutional and data protection principles. The paper presentation sessions will provide researchers, academicians and students with an opportunity to present their work, engage in scholarly discussion and exchange perspectives on emerging legal challenges. The programme will examine the application of existing legal principles to new technologies, with due regard to accountability, procedural fairness, human judgment and the Rule of Law.

AMITY LAW SCHOOL
PRESENTS

TWO-DAY INTERNATIONAL
WORKSHOP-CUM-SEMINAR

- ON - "ALGORITHMIC JUSTICE AND THE RULE OF LAW: NAVIGATING INVESTIGATION, ADVOCACY, JURISPRUDENCE, AND JUDICIAL ADJUDICATION IN THE AGE OF AI."

"The law is not merely a system of rules, it is a system of judgment. Judgment, in its truest sense, is not an exercise in computation. It is an exercise in conscience."

— Justice Surya Kant, Hon'ble Chief Justice of India
