LL.B. & LL.B. programme affiliated to Chaudhary Charan Singh University (CCSU) Meerut which is approved by the Bar Council of India (BCI) and accredited by National Assessment and Accreditation Council (NAAC). The institution focuses on the multi-disciplinary nature of legal education, research, innovations and provides professional training for personality development coupled with industry exposure for the better understanding of the legal world. The institution emphasizes on the clinical legal education by conducting programs like visit to Lok Adalat, Legal Aid Camps, Moot Court Competitions, Mock Trial Advocacy Competitions, Legal Quiz, Legal Debate, Conferences, Seminars, Workshops, Elocution, Model United Nations (MUN), visit to Arbitration and Mediation Center, etc. It offers four additional diplomas (Cyber Law, IPR Law, Media and Entertainment Law, Fashion Law) to its students in order to give an opportunity to advance their knowledge and skills in the diverse legal subjects and also provide a certification courses in Personality Development Legal Communication (PDLC). ALC has established AIBE Coaching Academy to prepare the students to appear for All India Bar Examination which is imperative for every law graduate to qualify. ALC learning experience is not only enlightening but also enriching and inspiring. Asian Law College boasts of faculty members whose expertise spans across various areas of law and who have a wide range of teaching and research experience. We pull in students from diverse cultural backgrounds and perspectives. This leads to a vibrant multicultural classroom wherein established theory and new critical questions are put into a dialogue. ALC is dedicated to bring about a paradigm shift in delivery of legal education in the country. It aims to add new dimensions in legal education that would incorporate International Standards, thereby providing an environment which would enhance freedom and innovation in the dynamic pursuit of thoughts and civil society engagement to advance the law of the land. In order to provide an international edge to its flagship programme of B.A.LL.B., B.Com. LL.B. & LL.B., Asian Law College (ALC) has formally collaborated with one of the top ranked Universities of the world, viz. University of Cape Town (UCT), South Africa as its academic partner. The main highlights of this collaboration includes 8 days fully paid residential learning program for students of ALC giving them an overall international educational exposure and certification after successful completion of the workshop at UCT.

Kutafin Moscow State Law University (MSAL) Russia

Kutafin Moscow State Law University (MSAL) is Russia's largest and most prestigious law school, founded in 1931 and named after the renowned legal scholar Oleg Kutafin. With over 90 years of history, it has trained more than 180,000 legal specialists who now form the country's legal elite. MSAL serves as a leading research centre, hosting over 900 faculty members, including 180+ doctors and 550+ candidates of legal sciences. The university offers diverse programs from bachelor's to doctoral level. Internationally, MSAL actively cooperates with foreign universities, including Indian institutions, through student exchanges, joint conferences, and academic mobility programs.

Research and Development Cell (RDC) of ALC

The Research and Development Cell of ALC being an integral part of the institution promotes the quality research that contributes towards the overall development of the students and faculty members by conducting wide range of events like conducting seminars, conferences, research and development programs, debate competitions, expert talks and other legal activities. The cell is responsible for the formulation of the overall guidelines related to research and publication. It builds its research activities through the Industry academia collaboration. This connection aims to advance education, research and outreach in key areas. The cell further undertakes research projects covering multi-disciplinary legal aspects as well. The objective of the Research and Development Cell is to ensure smooth and effective functioning of R&D activities, provide a

focal point in the institution to co-ordinate R&D activities between faculty members, legal experts and students and promote multi-disciplinary approach towards research. Research has been a continuous process of discovering, analyzing and deliberating upon new horizons in various fields of study. Law and legal research has an all pervasive impact on the way decisions are taken not only in the legal world but also in government sector and societies. Fostering a conducive research environment and providing a platform for dissemination of quality research in law has been a constant endeavor of the Research & Development Cell at Asian Law College

About The Conference

The 5th ALCICON 2026 provides a premier global interdisciplinary platform for academicians, researchers, legal practitioners, policymakers, industry leaders, entrepreneurs, healthcare professionals, and students to engage in meaningful dialogue on the rapidly evolving intersections of technology, law, governance, health, and sustainable development.

The accelerating adoption of emerging technologies, including Artificial Intelligence (AI), blockchain, quantum computing, Industry 5.0, digital platforms, and data-driven governance, is fundamentally transforming economies, legal systems, public institutions, and societies worldwide. While these innovations create unprecedented opportunities for economic growth and social progress, they also raise complex legal, ethical, constitutional, and governance challenges. Issues such as cybercrime, data protection and privacy, digital rights, algorithmic accountability, environmental sustainability, public health, and responsible innovation demand robust regulatory frameworks and evidence-based policy responses that balance technological advancement with constitutional values, social justice, and sustainable development.

ALCICON seeks to foster scholarly discussions on contemporary challenges and future opportunities arising from digital transformation, constitutional governance, cybersecurity, environmental regulation, corporate governance, healthcare innovation, intellectual property rights, human rights, digital humanities, climate governance, labour law, and the evolving world of work. By bringing together experts from diverse disciplines, the conference aims to explore how emerging technologies can be governed through responsive legal systems, ethical governance frameworks, and innovative public policies that promote inclusive, resilient, and sustainable societies.

The conference welcomes conceptual, empirical, doctrinal, review-based, and interdisciplinary research that advances knowledge, informs evidence-based policymaking, and contributes to achieving the United Nations Sustainable Development Goals (SDGs). Through keynote addresses, plenary sessions, panel discussions, technical paper presentations, and networking opportunities, ALCICON–2026 will facilitate meaningful collaboration among global scholars, practitioners, and policymakers while promoting innovative solutions for responsible technological development and sustainable governance.

Objectives of ALCICON–2026

1. To examine emerging legal, ethical, and governance challenges arising from Artificial Intelligence, blockchain, quantum computing, Industry 5.0, digital platforms, and other transformative technologies.

2. To foster interdisciplinary dialogue and collaboration among academicians, researchers, legal practitioners, policymakers, industry professionals, healthcare experts, entrepreneurs, and students on contemporary technological and societal issues.

3. To explore responsive legal and policy frameworks that promote cybersecurity, data protection, digital rights, algorithmic accountability, environmental sustainability, healthcare innovation, human rights, and responsible technological development.

4 To advance inclusive, resilient, and sustainable development by promoting evidence-based research, innovative solutions, and governance approaches aligned with constitutional values, social justice, and the United Nations Sustainable Development Goals (SDGs).
